* The founders of ERRACE established a Giving Account with The Fidelity Charitable Gift Fund to ensure your donations would be deductible to the fullest extent of the law. The Fidelity Charitable Gift Fund is an established independent 501(c)(3) public charity recognized by the IRS that administers ERRACE's charitable donations through a donor-advised fund. Since 1991 they have helped over 56,000 donors recommend nearly \$10 billion in grants to 130,000 nonprofit organizations. Their federal tax identification number is 11-0303001. At the end of this year's event a grant request will be submitted by ERRACE to the trustees of the Fidelity Charitable Gift Fund to make a donation to the Helen and Harry Gray Cancer Center and to the Lance Armstrong Foundation for all donations received. The trustees have exclusive legal control over the funds. This control ensures that donations are tax deductible to the fullest extent of the law and that funds are passed on to charities recognized by the IRS. The Helen and Harry Gray Cancer Center and the Lance Armstrong Foundation are qualified charities. Additional information about the Fidelity Charitable Gift Fund is available at www.charitablegift.org.
